PUTTING CHALLENGE[®] II

OWNER'S MANUAL & REFERENCE GUIDE

Revision 2.4

I. INTRODUCTION

Thank you for purchasing *PUTTING CHALLENGE II[®]*! We sincerely appreciate your business.

PUTTING CHALLENGE II[®] may be easily assembled by one person in just five minutes. The game design features built-in wheels to make the unit easily transportable for your convenience.

Please read this manual thoroughly before beginning to assemble or operate your *PUTTING CHALLENGE II[®]*. *Failure to follow these instructions could result in incorrect assembly and/or game damage which may void the warranty.*

II. GAME DESCRIPTION

PUTTING CHALLENGE II[®] is an 18-hole mini-golf game which features both game play and practice options. Players can choose to play a 9-hole or an 18-hole game on one of six courses depending on the number of credits entered.

PUTTING CHALLENGE II[®] incorporates a patented moveable putting surface. During game play, a series of six motors raise, lower, angle and slope the playfield to create up to 108 green contours on which one to four players can either compete or practice. The unique game design features an oversurface automatic ball return and authentic crowd cheers, comments and clapping in response to each putt.

IV. INSTALLATION & SET-UP

WARNING

A three-prong grounded outlet is required to power this machine. Failure to use a grounded outlet may cause personal injury or game damage. If in doubt, please consult a qualified electrician to determine if your outlet is properly grounded. Additionally, for safety and proper operation, the voltage rating on your machine must match the voltage of your power outlet.

NOTICE

- **PUTTING CHALLENGE II[®]** requires a *level* floor space of approximately 4 x 8 ½ feet. If the floor is uneven, adjust the four leg levelers located by each wheel.
- **PUTTING CHALLENGE II[®]** comes equipped with a cooling fan attached to the back of the main cabinet. To prevent overheating, the unit must be placed at least 1 inch away from the wall.

INSTRUCTIONS FOR SET-UP

1. Unpack unit from shipping container.
 - 1.1. Remove cover and open one side.
 - 1.2. Slide unit out and place in desired location.

2. Remove platform from top of cabinet.

3. Align two hooks on platform with two slots in cabinet and insert.

4. Remove keys from putter hook.
Use keys to open coin box door where you will find 1 golf ball and 2 more sets of keys for coin door and ticket door (or bill acceptor door).

5. Flip end of carpet over to cover platform.

6. If floor is uneven, adjust four leg levelers and tighten with hex nut.

7. Place flag pole in pre-drilled hole in cabinet.

8. Locate clip on back of Game Instruction Sign. Secure sign to flag pole by snapping clip shut.

9. Position sign just in front of the two clear rubber bumpers.

10. Plug power cord into three-prong outlet.

11. Turn power on using main power switch located in back of cabinet.

** Display will flash a testing screen which indicates game is in operating condition.
If U12 and/or U20 display "FAIL", contact our technical service at 800-346-5303.

V. DIAGNOSTIC BUTTONS

1. Open coin door using keys removed from end of cabinet playfield.
2. Find buttons located inside right coin door:

- **TEST/MENU:**
(Top Red Button) GAME OPTIONS MENU may be accessed by pressing this button. If button is pressed a second time, GAME OPTIONS MENU will be exited.
- **SERVICE:**
(Middle Green Button) Gives machine one free credit. When playing a game off of this credit, the accounting totals and mechanical coin counters will not reflect that a game was played.
- **RESET:**
(Bottom Black Button) A game can be reset by pressing this button. Full credits of current game will be awarded and a new game will start from the first green.

If the old game needs to be restored, press RESET button and then press TEST/MENU button. Use *Select* to scroll down and choose RESTORE LAST GAME in the GAME OPTIONS MENU (game will restore scores where it left off). RESTORE LAST GAME only appears when using the RESET button. *The ball must be under the cover glass prior to resetting or restoring the game.*

VI. DIAGNOSTIC PROCEDURES

Press TEST/MENU button to bring up GAME OPTIONS MENU display:

■ BALL RETURN HEIGHT SETTING

The "Ball Return Height Setting" is provided to accommodate variations in the voltages used in different countries and different locations. The playfield must raise itself up high enough to allow the ball to roll back to the player from the ball cup. The playfield rim should raise just below the ceiling of the cabinet. If the ball does not roll back easily, raise the lift up setting one increment of five and test the return again. If the playfield rim touches the ceiling of the cabinet and raises slightly in the center of the playfield, lower the lift up setting one increment of five.

| |

| PROGRAM MODE |
| PRACTICE ENABLE 1 |

- Default Setting: PRACTICE OPTION AVAILABLE = 1
- Setting Options: PRACTICE OPTION AVAILABLE = 1
REMOVE PRACTICE OPTION = 0

■ FREE GAME SETTINGS

The "Free Game Settings" are provided to award a free game to players achieving a preset low score. The value entered is for a 9-Hole game. This score is automatically multiplied by two for an 18-hole game. If a low score is entered for just one skill level, the other two skill levels will default to a low score of 9. These low scores are adjustable. To disable the free game option, all 3 skill levels must be set at zero.

■ AMATEUR FREE GAME SETTING

Both the coin counter and the ticket counter cannot be reset. This ensures an accurate, cumulative count.

IX. SCREEN DISPLAY

During game play, the following information appears on the display:

- A. NUMBER OF PLAYERS
- B. SCORES
- C. GAME OPTION
- D. HOLE OPTION
- E. SKILL LEVEL
- F. GREEN NUMBER

X. PLAYING THE GAME

- **DEPOSIT COINS/BILLS** (1 credit = 9 holes / 2 credits = 18 holes).
- **SELECT GAME OPTIONS** according to instructions on display by using *Select* button to scroll through options and *Enter* button to make selection. Screens advance as each selection is entered. Players are given the following game options:

| |
|---|
| SELECT & ENTER → AMATEUR PRO CHAMPION |
|---|

| |
|---|
| SELECT & ENTER → COURSE #1 COURSE #2 PRACTICE GREEN |
|---|

| |
|--|
| SELECT & ENTER → FRONT 9 BACK 9 18 HOLES |
|--|

| |
|--|
| SELECT & ENTER # OF PLAYERS (1-4) 1 |
|--|

| |
|--|
| SELECT & ENTER → START GAME CHANGE OPTIONS* |
|--|

* *CHANGE OPTIONS* will take player(s) through selections again, beginning with the first screen.

- **HAZARD AREA** -- area on green just in front of cover glass
-- if putt is too short and ball comes to rest in this area, player must retrieve ball and try again (this has no effect on scoring)
- **AUTOMATIC BALL RETURN** sends ball back to player after each putt.
- **EMERGENCY BALL RETURN** option is used when club is placed under glass in error causing game to run out of sequence. Player simply presses *Enter* button to retrieve ball and stop undulation.

- **COURSE #1 & COURSE #2** options feature automatic advancing of putting surface to next green after all players have taken turns on same green. The game ends when all players have completed their respective rounds.
- **PRACTICE GREEN** option allows players to choose the green on which they want to play/practice. Players can play their entire game on one green or advance to another green by pressing *Select* button.
- **GAME ENDS** when either 9 or 18 holes have been played (depending on number of credits entered).
- **BEST SCORE** feature allows a player who has achieved the lowest score on a particular course to enter their initials after the game has ended. If an incorrect initial is entered, the player can select "<" to back space and scroll through letter options again. Their score will be listed until they are reset in PROGRAM MODE. Players may not tie -- they must beat the best score to enter their initials.
- **FREE PLAY** is offered to players achieving a preset low score. The set score to beat is displayed after the "Start Game" option is entered. *Note: Free Play is not available in the Practice Green option.*

XI. SCORING

- **COURSE #1 & COURSE #2**

While putting in turn, the objective is to attain the *lowest* score. Scores are calculated based on the following point ("putt") system:

- **1 PUTT = HOLE IN ONE**
player sinks putt
- **2 PUTT = GIMME**
ball stays on green without hitting frame
- **3 PUTT = OUT OF BOUNDS**
ball hits frame
- **1 PUTT = PENALTY**
*putt is too short and comes to rest just under cover glass;
ball is automatically returned and player must putt again
on same green*

■ PRACTICE GREEN

While putting in turn, the objective is to attain the *highest* score. Players can score only by sinking a putt.

■ **1 PUTT = HOLE IN ONE**
player sinks putt

- **FINAL SCORES** and **PUTTING AVERAGES** of each player are displayed at the end of the game.

XII. MAINTENANCE

PUTTING CHALLENGE II[®] is virtually maintenance-free, but regular cleaning will help keep your unit looking new:

- Clean the cover glass with water and a mild detergent using a soft cloth.
- Vacuum the playfield regularly.
- Vacuum the platform daily.
